

A DIFFERENT DEN FOR DIFFERENT FOLKS!

With the variety of buyer needs, the den and its character can be a valuable sales tool...

A more "family" room association for the den appeals to different family users - homework, home planning, computer room (visible from family area) etc.

The location of the den can appeal to different buyers - the two-story, centrally located "show" den can add drama to a floor plan.

The "private" den may appeal to the work-from-home/home office buyer.
